This Is Our City:

ABOVE: Caught up in the hectic pace of school life, Kathy Erickson and Carol Hoffman consume a quick "vertical lunch."

Smithtown High School

Through our high school years we are citizens of a miniature city. Our rooms are like buildings, and our corridors like highways, which contain the traffic of a bustling city.

The emotional atmosphere of a teeming metropolis can be found pervading our halls. Here, as in any city, there is a sense of bigness. In our large cities there are so many people we never meet and here, too, we pass many strange faces every day.

Our city is a sheltered world which prepares us for the future. We learn to live as members of a community, to cooperate with others. Now as we leave our city and move into those of our society we will take with us many valued memories of our life in Smithtown High School.

At the end of a busy day Smithtown students wait for their buses.

Our halls become deserted at the end of the school day.

DR. ELMER G. BOWES
Principal

SMITHTOWN CENTRAL HIGH SCHOOL

June 1966

Dear Class of 1966,

As you focus your thoughts on the future it is not easy to keep your heart from pulling you back to memories of Smithtown Central High School. Here is where you formed fast friendships, laid your plans to bring about fulfillment of your dreams and, bit by bit, set the direction of the course which will take you through Life. We on the faculty and your parents have enjoyed our roles of assisting you to mature, to become equipped to deal with the future. Together we have met problems, overcome them and gained the confidence to tackle worthwhile projects no matter how difficult. Continue all your life to live for something. Do good and leave behind you a monument of virtue that the storm of time can never destroy. May God bless you and keep you all.

As Smithtown High School continues its rapid growth, scenes like this are increasingly rare.

Senior Class Officers

The Senior Council is one of the most important organizations at S.C.H.S. The Council arranges all the senior activities for the year, and the success of the year for the senior class depends largely on the hard work of the Council. This year the Council has done a superb job, providing the school with the Sleigh Bell '66, the Kessler-Rosa production of "Shama of the Jungle", the Senior Banquet, class pins, and the Senior Carnival—all terminating with the Senior Prom. This year the Council has worked hard and has helped make this year a success for Seniors and underclassmen alike.

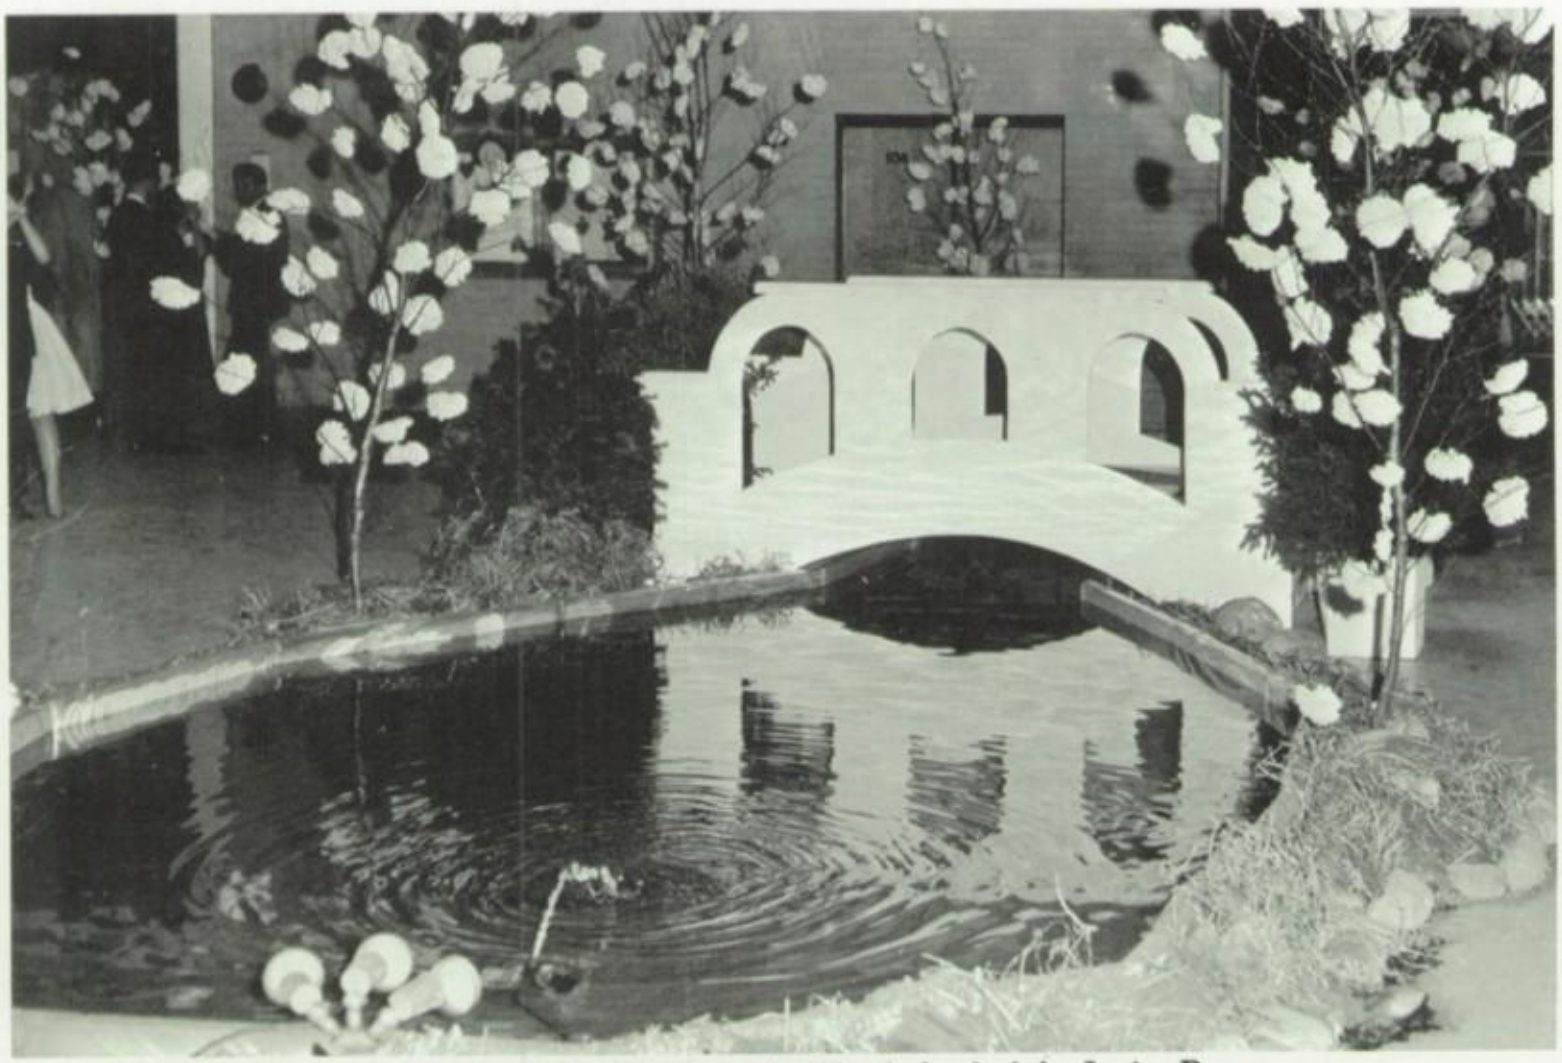
The Junior Prom, 1965



A petite wooden bridge marks the path to the Wonderland of the Junior Prom ...

Happy couples dance their way through Wonderland ...

Alice's Trip Thru Wonderland . . .

Barbara Cieslewicz is crowned Queen of the Prom by Cal Wicks as members of the Royal Court, Diane Jacobson and Lauretta Moran look on . . .

A last touch of fantasy as the last dance brings back reality and Alice's trip through Wonderland becomes a part of the past.

Class Councils Led Underclassmen Through a Busy Round of Events

Two important branches of the student government in S.C.H.S. are the Sophomore and Junior Councils. These Councils try to improve the school, but their main work pertains to bettering their classes. Although there is at least one elected member from each homeroom, anyone may attend the meetings.

The Sophomore Council, sponsored by Miss Darling, plans activities for the Sophomore Class and discusses problems pertaining to the Class of '68. The officers are: Chairman, Jill Richardson; Secretary, Candy Mitchel; and Treasurer, Peter Kolakowski.

The Junior Council, Sponsored by Mr. Roussis, organizes and directs the various committees relating to the dances sponsored by the Junior Class. Besides the Junior Prom, which was the culmination of the Junior Council's meetings, the Class of '67 also sponsored a Discothèque. Heading the Junior Council are: President, Fred Tucillo; Vice President, Ruth Radoyevich; Secretary, Terry Davey; and Treasurer Bob Oja.

On the evening of November 20, 1965 Smithtown High School was privileged to be "host city" for the 1965 North Suffolk Music Festival, sponsored by the New York State School Music Association. Many Smithtown Students participated, and the entire festival was under the direction of our band leader, Mr. Warren Dwight.

A memorable evening of music was provided by the All-State Sectional Orchestra, under Dr. Jack Heller, Chorus under Dr. Charles Burnsworth, and Band under Mr. Allen Flock.

The highlight of the evening was a choral-orchestral performance of selections from Mozart's "Requiem". The entire audience of more than a thousand was visibly moved by this thrilling demonstration of just how much our local students and their dedicated teachers can accomplish.

MR. DWIGHT
Band Director

Band Provides Very Popular Entertainment

The Band, under the direction of Mr. Dwight, is one of our most spirited organizations at S.C.H.S. Throughout the school year the Band presents for the school several fine classical and pop concerts; they have performed in county and state competitions, including the NYSSMA sectional festival and the Mid-Island Band Festival. Presentation of the Spring Concert and the Pops Concert, marching at football games, and providing musical background for many an extracurricular event—these are some of the important band functions which make the school year a musical festival in itself.

Steve,
Best of luck

guy who I hope
I see a lot of
through the
summer
Love,
Gail

Chorus Enjoys Active Year

The choral groups, which meet daily with Mrs. Kallergis, are led by Linda Cuthbert and Ginny Nelsen. They have performed at assemblies, in evening concerts, and at the Honor Society Inductions. Individual members have participated in NYSSMA activities, in the All-State Chorus, in student recitals, and in solo competition as well as in educational field trips.

A highlight of the year was the Christmas season presentation of the opera "Amahl and the Night Visitors" by the American composer Gian-Carlo Menotti.

Steve, all the luck in the world in the future. Be a good boy & stay as nice as you are! Love, Annie

Leader's Club

Friendship, leadership, and service are the outstanding qualities of the girls in Leader's Club. These qualities of character are noted throughout the year. The Leader's Club agenda consists of adopting a Christmas family, sponsoring various dances for the school, officiating at intramurals, and ushering at school activities. Each year Leader's Club sponsors a Candlelight Induction Ceremony at which the new members are formally admitted into organization.

Newly inducted girls hold their candles proudly, as do the old members.

Marilyn Bjork promises to uphold the ideals of Leader's Club.

Selling refreshments at school dances is one of the many jobs a Leaders Club girl performs.

New and old members alike enjoy the thrill of induction night.

On reunion night, the girls patiently await the arrival of their guests, old members.

This beautifully arranged table is in harmony with the mood of the induction night ceremonies.

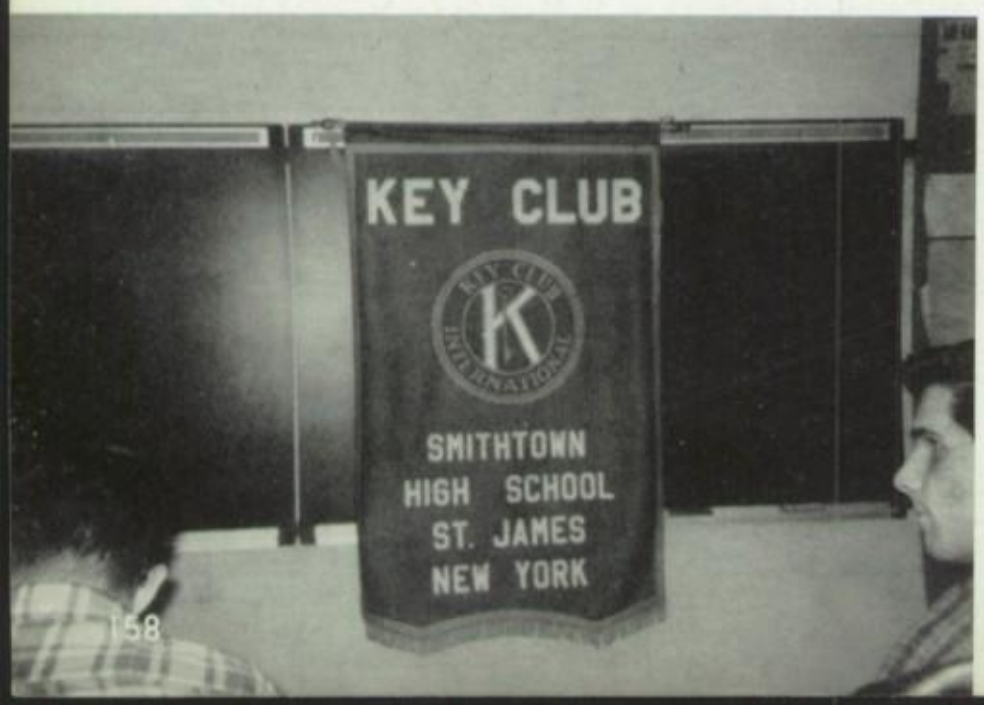
Key Club Serves School and Community

Officers

PRESIDENT: Al Peters
V.P. & TREASURER: Steve Hayes
SECRETARY: Ralph Aguayo

Sponsored by Mr. Langhans and Mr. Zoller, the Key Club, whose parent organization is the Kiwanis, has community service as its main duty.

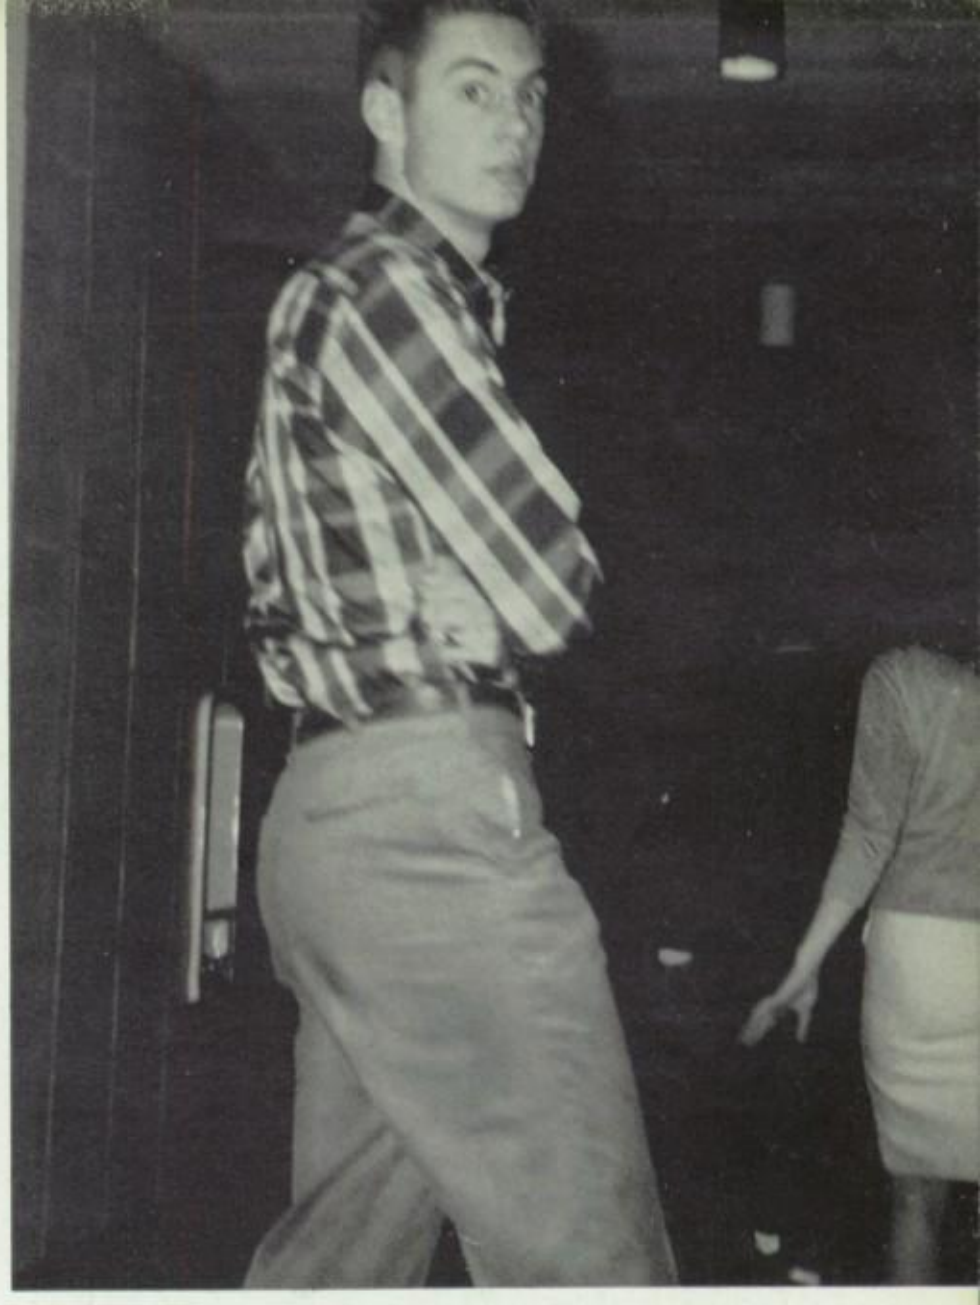
This year's activities included the sale of Student Directories, participation in the freshman orientation program in the junior high schools, presentation of "Youth and the Law," a program meant to deter juvenile delinquency, and a visit to a nearby home for the mentally retarded. Also, individual members represented S.C.H.S. at District and International Key Club Conventions, and Cal Wicks served as Lieutenant Governor of all Suffolk County Clubs.



Paul Kinzie and John Fanelli frame the Key Club Banner.

The squad members also were on duty during lunch periods.

The Traffic Squad, which was formed six years ago, continues to perform a most valuable service for us. Led by Captain Paul Kinzie and sponsored by Mr. Nafus, this efficient team of students is responsible for maintaining order in the halls of our school.



Ron Johnson, as he exemplifies the work of the Traffic Squad.

Many SCHS Clubs Prepare Students for Careers

Bi-weekly meetings of the F.T.A., under the supervision of Miss Grey, and President Ellan Budd, have seen interesting speakers. A unique feature of the club is its cadet teacher program, whereby a student visits and works in schools of the district. Here the students learn to understand the problems and rewards of their chosen profession.

The members of the F.N.A., supervised by Mrs. Poveromo and their President Chris Trimm, have taken part in the annual Heart Fund Drive and a fashion show to raise money for charity. At Christmas time, they visited the Maryhaven School for the retarded in Port Jefferson where they gave a short play and handed out stockings to the children.

The F.B.L.A., led by President Susan Garcia. works on activities of interest to the individual members. The club members, under the guidance of Miss Darling, have also tutored students in business subjects this year.

The F.H.A., led by President Pat Tollner, learns the essentials of good homemaking. Students bake, cook, sew, and do charitable work as well.

D.E.C.A., led by its President Gary Kessler, is an active organization both in the school and in the community. Members run our school store and compete in contests with the other schools in our community. One such contest this year was won by Cheryl Manuel, who was named D.E.C.A. Sweetheart of Suffolk County.

Literary Activities Thrive in 1965-66

The Journalism Class, taught by Mr. Skolsky, functions as a regular English class with its major project being the production of the school newspaper, "The Searchlight" which reflects the talents, activities, and other endeavors of the student body in eight stimulating editions a year.

Members of the Creative Writing Club, under the direction of Mrs. Rich, produce original writings in poetry and prose for their own pleasure. In the spring they hope to publish a magazine for the entire school body, in which their literary talents shall be displayed.

Drama Workshop plans, organizes and produces theatrical productions and studies plays from a director's point of view. Guided by Mr. Merrihew, the class presented "The Bat" this year. Past successes include "The Lottery," "Angel Street," and "W.H.T."

Students can increase their knowledge and enjoyment of American and European drama, as well as gaining experience in speaking before groups, in the Play-Reading Club.

Debate Club

Several Clubs Aim to

Smithtown's Debating Club was founded in 1963 and has made much progress since that time. Led by Steve Hayes and supervised by Mr. Raftery, the club both prepared and held extemporaneous debates on controversial matters of the day and energetically participated in interscholastic and radio competition.

If the square of a positive number is added to the number, the sum is 145,542. what is the number?

With such problems as this, the S.C.H.S. mathletes battled to second place in their division. Sponsored by Mr. Whelan and Mr. Lindsey, our mathletes of today are undoubtedly our Albert Einsteins of tomorrow.

By the way, the answer to the above problem is obviously 381.

Supervised by Mr. Watmuff, with John Scott as the chief operator and Mr. Rosenthal as Trustee, the Radio Club of S.C.H.S. shares a mutual interest in the fascinating hobby of Ham Radios. With a Bit of Adventure

Under the direction of Mr. Gerlock, the Marine Biology Club has introduced one of the newest areas of the biological sciences to Smithtown. Interested students are able to institute, pursue, and advance class discussions coupled with laboratory work in the area of marine life.

Both macroscopic and microscopic investigations and dissections are helping to provide the students with a better foundation for modern biological and laboratory techniques. Certain members of the group will pursue their work this summer in both Bermuda and Florida.

The Aviation Club, led by Mr. McGee and in his absence solo pilot Pete Myers, makes up our city's corps of junior aviators. Once a week at ground school the finer points of flying are taught. These classes it is hoped, will culminate in the taking of a federal flier's examination, a test in two parts—written and practical. Preparing for the exam, club members usually go up in Mr. McGee's plane twice a week and occasionally take turns ~~at the~~ controls.

Human Relations League

Service Groups Are Invaluable in Our Busy City

The Human Relations group in our school strives to improve human understanding. They are led by their president, Bernadette Gonzalez, their secretary, Nancy Stepanek, and treasurer, John Bahrs. They have undertaken projects such as tutoring culturally deprived children and providing Christmas baskets for the poor to help achieve this goal.

Mr. Erb's office aids provide a voluntary service to the school. They do everything from keeping the student program cards up-to-date to maintaining "sign-in" and "sign-out" sheets and escorting certain students from classes to "interviews" with Mr. Erb.

One of the new organizations at our high school this year is the Lab Assistants Corps. It is composed of nearly forty students who give up a free period in order to help out in biology, chemistry, and physics laboratory calsses.

Whether your problem is to find information concerning the date *The Stranger* was first published, the meaning of the word "pusilanimous" or simply where to obtain a recent magazine article on the care of the domesticated yak, you know you can depend on one of the library aids to help in your search.

The students taking part in the study of audio visual aids are taught how to operate and service this complicated equipment. They provide an important service to teachers who wish to use this equipment to improve classroom instruction.

Mr. Badeer presents the varsity team to the awards assembly.

Volleyball

The volleyball teams did very well in overall play this year, facing many strong competitors.

The girls worked hard practicing after school to improve their skills. Their practice proved valuable in interschool competition.

The Playday Team represented our school extremely well, winning two of the three games played. Noreen Voges was voted the most valuable player for Smithtown by the Girl's Athletic Association of Suffolk County. The varsity and J.V. teams were coached by Miss Boomer

Hockey Teams

The Varsity and Junior varsity teams had a fine season. In the Nassau County Play Day our girls beat Malverne and Hicksville; and then lost to Levittown by one point placing us second in the county. The Varsity captain, Phyllis Kaczmarek, brought additional honor to Smithtown when she was chosen Outstanding Player by the Girls Athletic Association of Suffolk County.

The girls were coached by Mrs. Van Wart, the forward line coach, and by Miss Byrd, the defensive coach.

Noreen Voges and Carolyn Kolody work together to rescue the ball from their opponent.

Pat Tylenda dribbles the ball towards Smithtown goal as opposition breathlessly pursues her.

Twirlers

This year brought a new form of halftime entertainment to our sports activities. Six twirlers showed their grace of form in marching and their skill in handling a baton by performing routines to entertain the sports spectators.

The J. V. Cheering squad shows its spirit, pep, and agility in a school assembly.

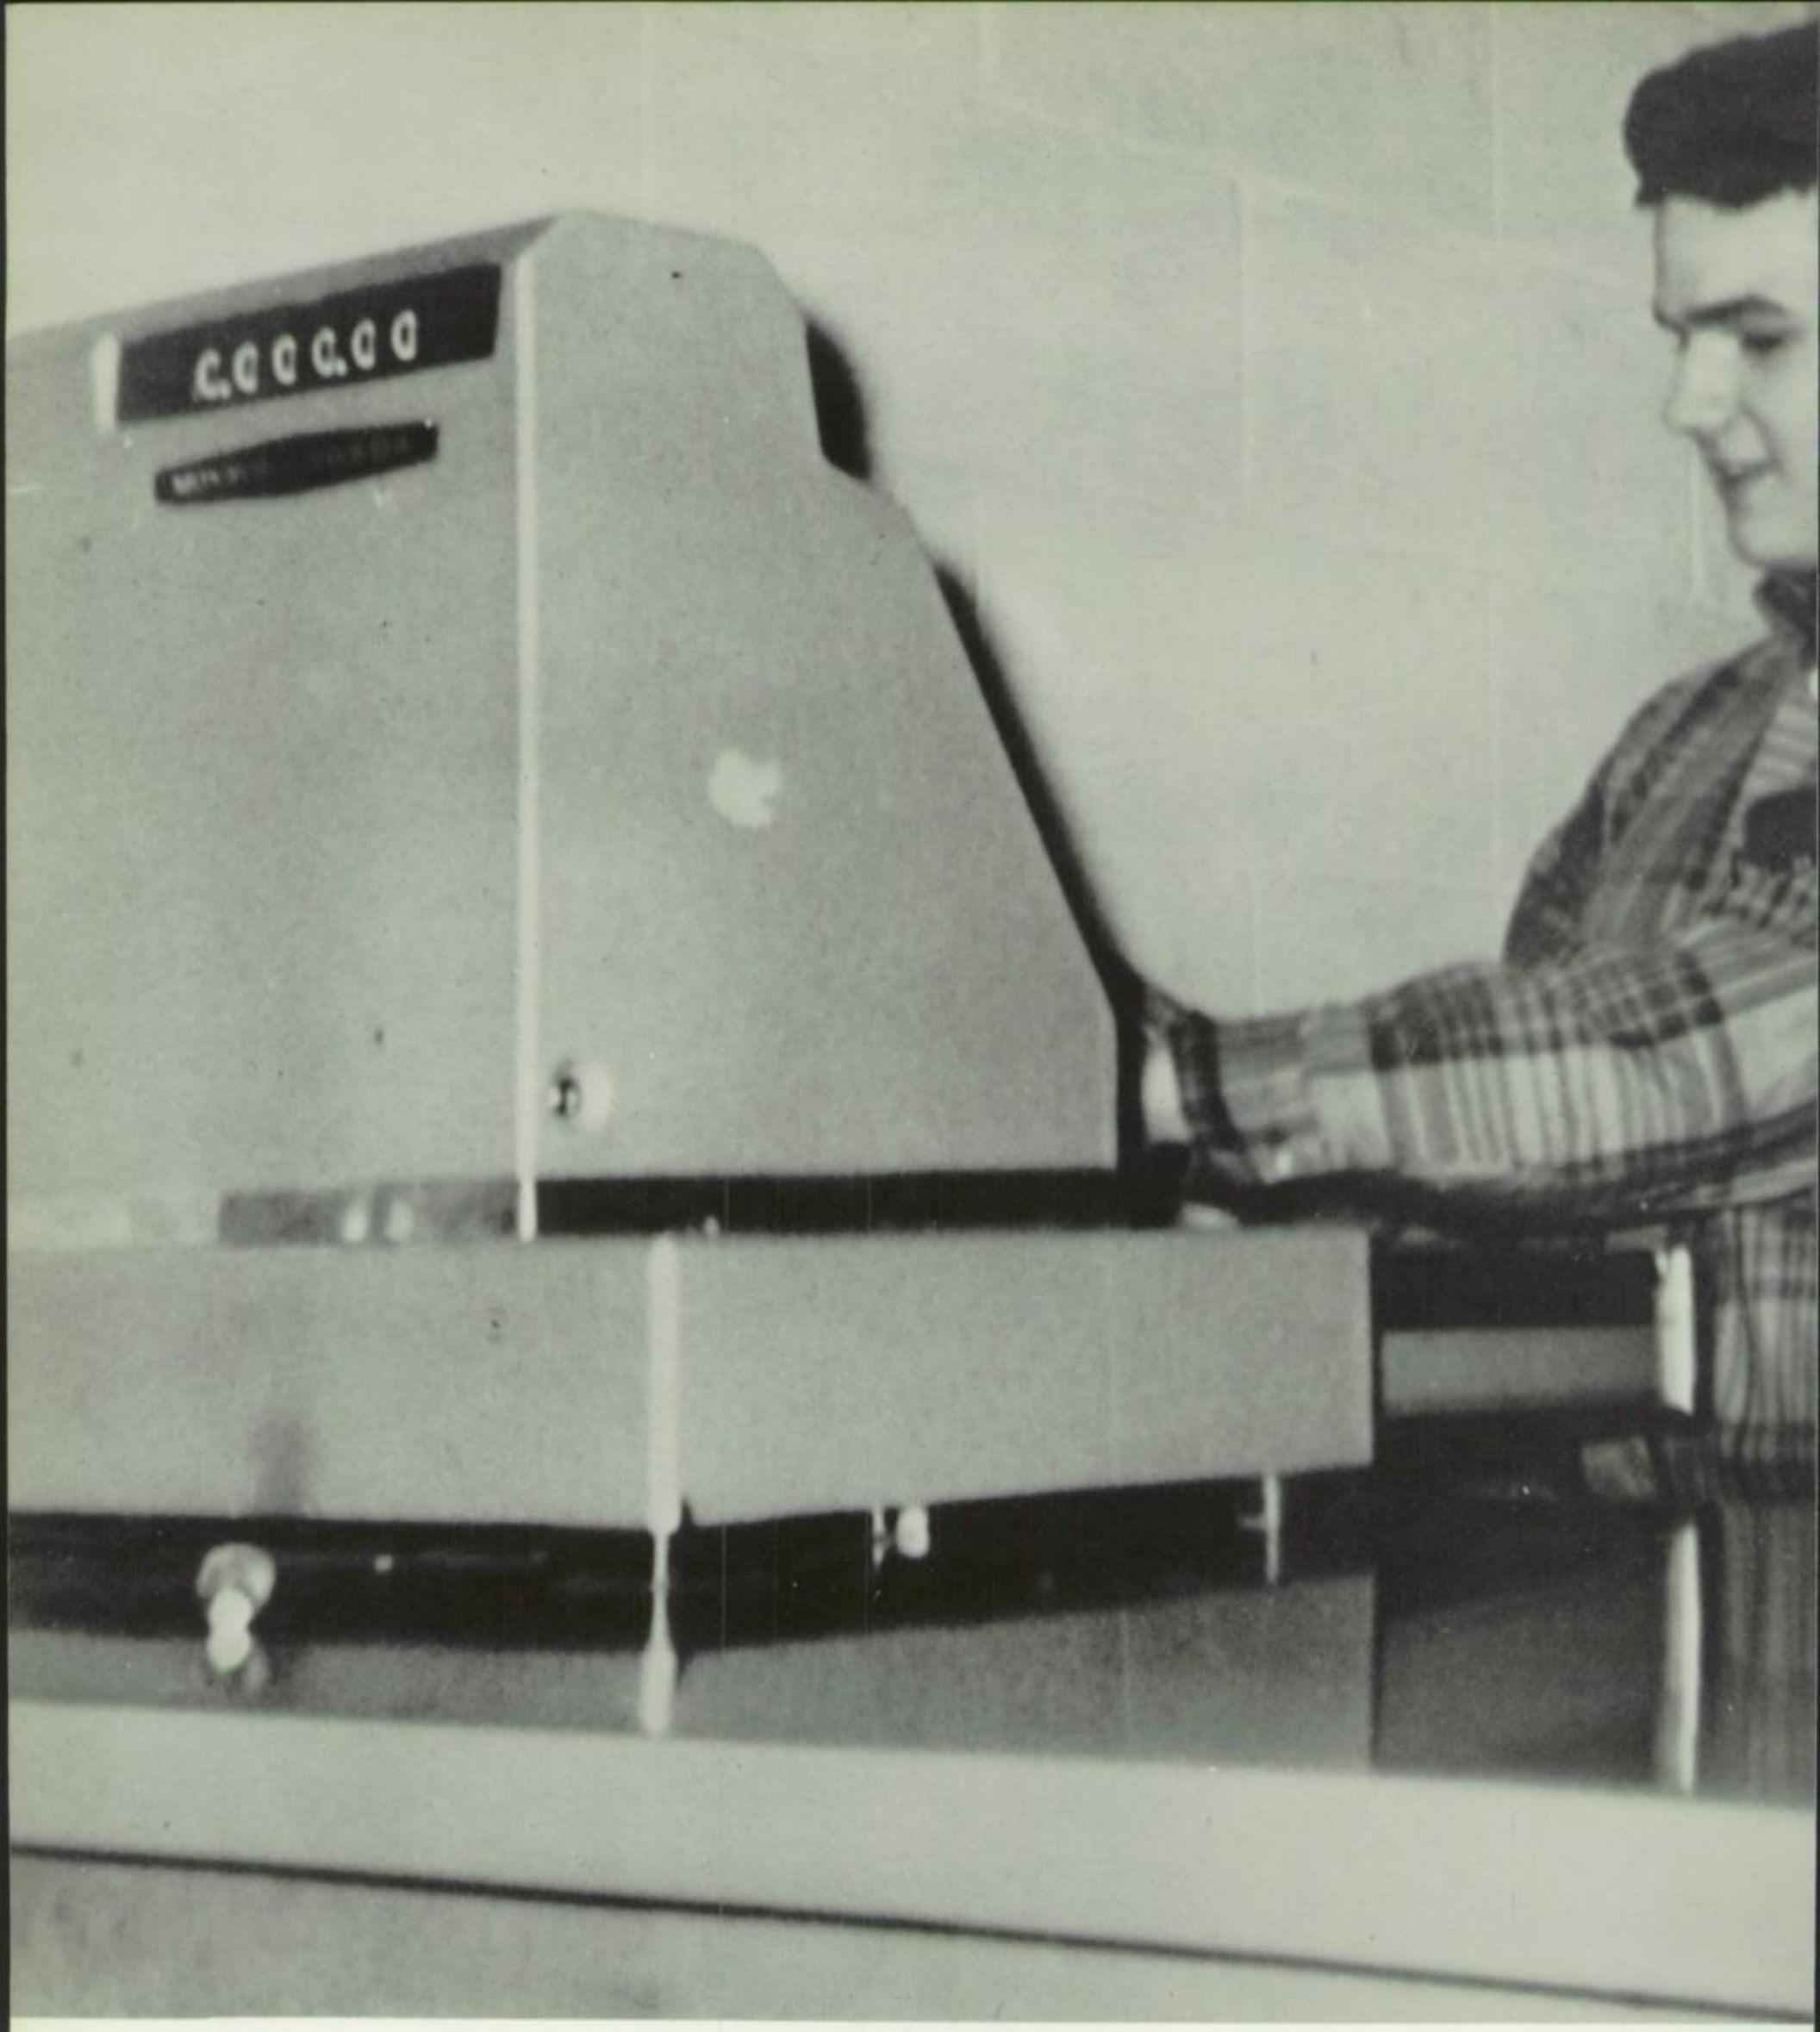
STANDING: Dorrit Ahbel, Marilyn Bjork, Barbara Myrick, Dixie Schadel, Muriel Glady, Susan Roth KNEELING: Nancy Olafson, Eileen Landerkin, Jill Richardson, Diane Levix, Aase Nilssen

Modern Dance and Tennis

Modern Dance meets once a week for two successive marking quarters. The girls practice fundamental rhythm and dance, and learn to master the basic locomotive motions. At the completion of the modern dance season the girls show their achievements in the areas of grace and rhythm of movement by doing a presentation for the school. The girls are instructed by Mrs. VanWart.

The tennis team has had a very successful season. On the courts the girls put in three days of practice every week. They were awarded for their diligent work by receiving three wins and only one loss in their matches with teams from surrounding schools. The tennis team is coached by Miss Boomer.

ROW ONE: Michelle Peltier, Ann Lampert, Sally Davey, Olga Paglen
ROW TWO: Carol Hoffman, Marsha Boyd, Linda Sandbeck, Cindy Jones, Betty DeHaven



Our yearbook advertisers express their support of the work of our city. We hope that we in turn can assist them by calling their products and services to the attention of our residents.

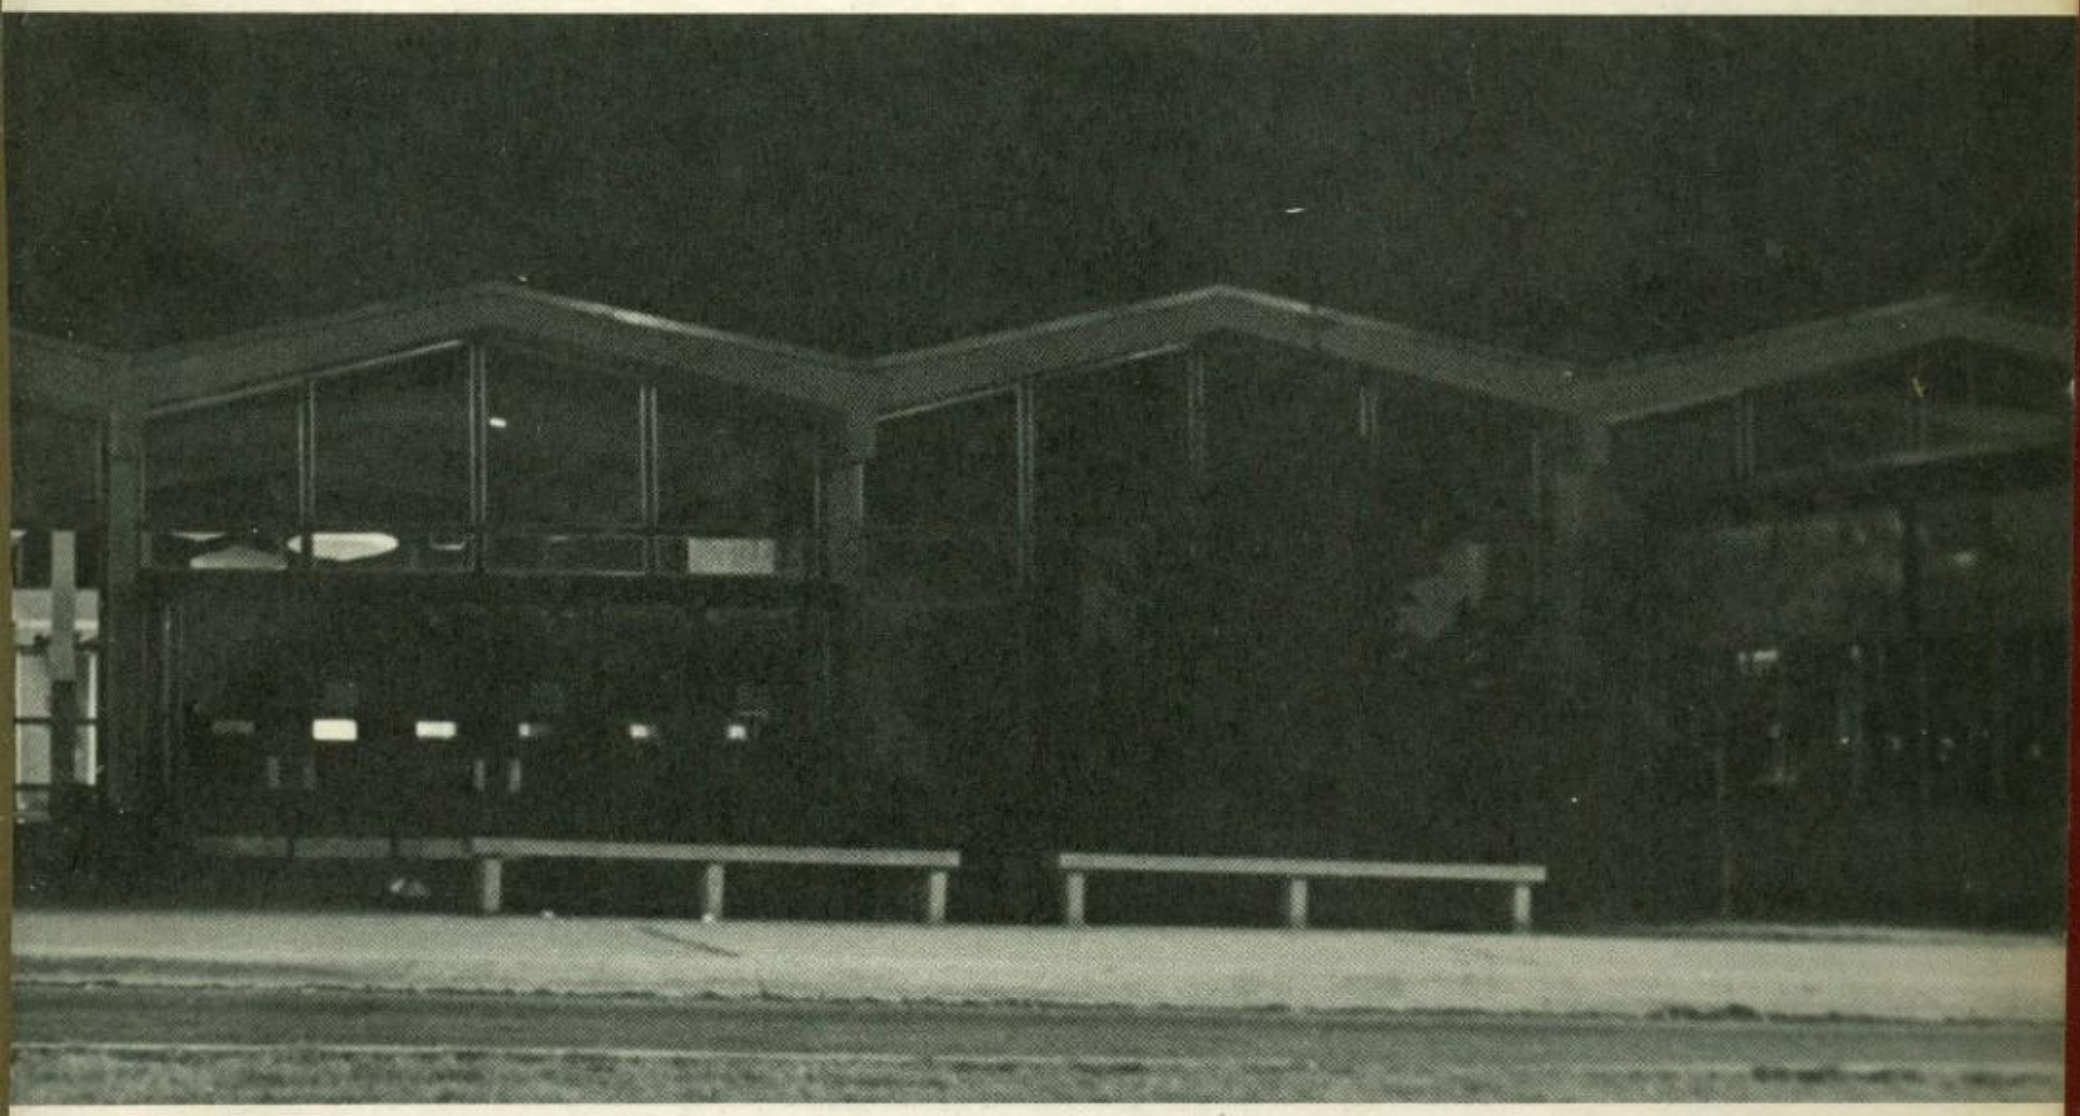
BEST WISHES TO THE SENIOR CLASS

Dearest Stevie,


Where do you begin? All the things you are to me cannot be expressed on paper or verbally. A brother, a friend, a shoulder to cry on, a guidance counselor, marriage counselor, "Soul and Conspirator" person in fact. You've been through everything with me and I've been so concerned with your welfare. You've been so concerned with your welfare. You've been so concerned with your welfare. You
